

This activities will not only help your child to develop in all areas of development but give them quality time with you

Where is Bunny?

Supplies: Bunny Puppet / Sock

1. Put your child on his back and show him the puppet
 - a) Slowly move it side-to-side and up and down.
2. Hold the puppet and use it to say "Hello" to your child
 - b) Play peek-a-boo or hide and seek with the puppet. Each time it appears say "Hello"
3. Say "Goodbye" to the puppet and slowly move it out of sight
 - c) Ask your child, "Where is bunny?" After he finds it, repeat with a new different hiding place.

With his activity you can see how your child respond when he sees a familiar person and/or toy.

Blocky Sock

Supplies: Blocks, Box, Different sized socks

1. Hold the child in your arms.
 - a) Put a sock on your hand and then wiggle it in front of your child. Observe how he explores the sock and tries to pull it off your hand.
2. Put blocks inside multiple socks. Place the socks in front of your child.
 - b) Show him how to pull a block out of the sock. Observe how the child works to remove the blocks from the socks.
3. Put a box of different sized socks filled with blocks in front of the child.
 - c) Work together helping your child to pull the blocks out of the socks. Challenge him by trying to put the blocks back into the socks.

With his activity you can help your child develop fine and gross motor skills. Your child will learn to use hands to accomplish simple tasks and will also explore different weights and size of objects
